After

हेमलकसा प्रकल्पाच्या दवाखान्यात उपचार

पुण्य नगरी

अस्वलाच्या हल्ल्यात झाला होता गंभीर जखमी

अखेर 'त्या' युवकाचा जीव वाचला

पुण्य नगरी / प्रतिनिधी

लाहरी : मोहफुल

संकलनासाठी जंगल परिसरात गेलेल्या युवकावर अस्वलाने हल्ला चढविला. अस्वलच्या हल्ल्यामध्ये युवक गंभीर जखमी झाला. अस्वलाने टोकदार नखांनी संपूर्ण चेहऱ्याला ओरखडल्यामुळे त्या युवकाचा चेहरा छिन्निर्विन्न झाल्याने तो जणूण को नाही, याबाबत शंका उपस्थित केली जात होती. मात्र, आदिवासीना संदेव मदतीचा हात देण्यास हेमलकसा येथील लोकचिरादरी प्रकल्पाच्या दवाखान्यात डॉ. दिगंत आमटे यांनी शर्तीचे प्रयत्न करून त्या युवकावर

उपचार केल्याने अखेर त्याचा जीव वाचला आहे.

हो कथाणी आहे, भामरागड तालुक्यातील कुमनार (कोपरटोल) येथील शिवाजी पुंगुटी या १८ वर्षीय युवकाची, या भागातील नागरिकांचे जीवनमान जंगलवापर अवलंबून आहे. मोहफुल संकलनाच्या हंगामात तर दिवसभरातील बहुतांश वेळ नागरिक जंगलातच घालवतात. या परिसरातील जंगलामध्ये अस्वलांचा वावर असल्याने अस्वलचे मानवावरील हल्ले होत

असतात. २८ मार्च २०२२ रोजी शिवाजी पुंगुटी हा युवक मोहफुल संकलनासाठी गावापासून काही अंतरावर असलेल्या जंगलात गेला होता. मोहफुल संकलन करित असलेल्या शिवाजीवर अस्वलाने हल्ला चढविला. यामध्ये शिवाजी गंभीर जखमी झाला. अस्वलच्या नखांमुळे घाबाळ झालेल्या शिवाजी चेहरा छिन्निर्विन्न झाला होता. गावापासून १८ ते २० किमी अंतरावरील आरोप्य केंद्रात त्याला खाटेवरून प्रवास करित

दाखल करण्यात आले. परंतु, चेहरा आणि डोळ्यांना जबर मार असल्यामुळे उपचार होणे कठीण होते. त्यामुळे आरोग्य केंद्रात प्राथमिक उपचार करून पुढील उपचारासाठी समोर पाठविले. त्याला चंद्रपूर येथील रुग्णालयात दाखल करण्यात आले. मात्र, पूर्ण उपचार झाले नाहीत. यानंतर त्याला नागपूर येथेही पाठविण्यात आल्याची माहिती आहे. परंतु त्या ठिकाणी सुध्दा नीट उपचार झाले नाहीत. आर्थिक पाठवळ नसल्याने त्याला परत भामरागडला आणण्यात आले.

जिल्हा परिषदेचे माजी सरस्व अँड. सहासूय नागोटी यांना

माहिती मिळाली. त्यांनी रुग्णाचा नातेवाईकांशी संपर्क करीत शिवाजीला लोकचिरादरी प्रकल्पाच्या दवाखान्यात उपचारासाठी दाखल केले. यावेळी रुग्णाची जखम पूर्णतः पिकली होती. परंतु, डॉ. दिगंत आमटे यांनी शर्तीचे प्रयत्न करत त्याच्यावर उपचार सुरू केले. तब्बल दोन महिन्यांपर्यंत त्या रुग्णावर उपचार सुरू ठेवले त्यामुळे आज शिवाजी जिवंत आहे. अस्वलच्या हल्ल्यामुळे शिवाजीचा एक डोळा जायकं झाला असला तरी, लोकचिरादरी प्रकल्पातील दवाखान्यामुळे आज जीवत असल्याचे समाधान त्याच्या चेहऱ्यावर दिसून येते.

Abundant supply of water

Safe and readily available water is a basic need for public health whether it is used for drinking, domestic use, food production, sanitation etc. It helps to improve economy & quality of living in villages. Keeping in mind that & by demand of tribals in Palli village, Lok Biradari Prakalp facilitated the construction of borewell for water. Villagers provided the land for borewell with the consensus in village meeting on 16th June 2022. Mr. Ashok Gaikwad & Mr. Shreedhar Madavi from Lok Biradari Prakalp coordinated the process.

Villagers performing traditional Pooja at site of borewell

World menstrual hygiene day

Lok Biradari Hospital team celebrated a 'Menstrual Hygiene Day-2022' on 28th of May with females in reproductive age group at Palli village. Dr. Anagha Amte a gynaecologist from Lok Biradari Hospital conducted a light hearted interactive session about menstrual hygiene management with the tribal women. She demonstrated the process of menstruation cycle & ways to maintain hygiene during it using 'menstrual cup' along with traditional ways on a life sized model. The participants found to be keen to know more about this newer method & interested in adopting it soon. The initiative is sponsored by Rotary club of Bolton Lever, Turton Rotary club and Bolton le Moors Rotary club.

Sickle cell screening camp

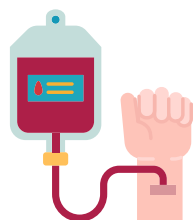

Quarterly sickle cell clinic was conducted on 22nd of June 2022 in collaboration with Hemoglobinopathies Satellite Centre, National Institute of Immunohaematology (ICMR), Chandrapur at LBP Hospital, Hemalkasa. Dr. Kalpita Gavit, Mr. Prajyot Deshmukh & Mr. Zakir from ICMR visited Hemalkasa for the clinic. Suspected & detected cases of Sickle cell anemia & thalassemia were clinically examined & provided by needful treatment. Counselling were given to the patients & their relatives.

Village Health check-up camp

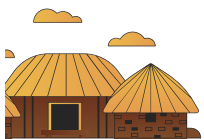

Blood Pressure & Oral Health screening camp at Hodri village in Bhamragad was conducted on 15th June 2022. Villagers enthusiastically gathered for the camp early morning. A medical officer Dr.Vikas Junghare, Dentist Dr.Shriram, Nurse Sangita Widpi, community health worker Birju Kadanga & Community Health Coordinator Dr.Aditya conducted the camp with the help of volunteers from village itself. Screening of 72 patients done for blood pressure & 28 patients were screened for oral health. Needful medications & counselling provided at camp and referred at LBP hospital for treatment.

Blood Donation Camp

It is said that '_A blood bag in time saves a life'_ Lok Biradari Prakalp Hospital, Hemalkasa arranged a blood donation camp on 29/06/2022 in collaboration with Government Blood Bank at District Hospital, Aheri for fullfilling the urgent demand at the Blood Bank. 33 Youth from Bhamragad & volunteers from LBP project donated the blood on the occassion.

Community Awareness Meeting

Community awareness meeting arranged at remote village Midadapalli about malaria as a pre-monsoon activity. The village is selected as it has prevalence of Malaria cases which many a times becomes fatal due to lack of government health system support. Villagers shown a short educational video film made at Lok Biradari Prakalp about Malaria. It further followed by discussion with villagers regarding their understanding about malaria, preventive activities they are using & their needs for prevention. Community health workers Sunita Majji & Pali Mahaka from LBP facilitated the meeting.

"Happiness dies when not shared"
